

## FREE VIRTUAL LEARNING RESOURCES PROVIDED BY SCHOLASTIC

**Keep up the learning momentum for your students, even when schools are closed!**

Scholastic offers free learning e-resources for teachers and families, which include engaging, knowledge-building learning journeys for different grade levels that can be accessed at home by kids on any device, even phones. This virtual learning can be a valuable resource for children during this disruptive time.

Do share the links with the parents of your school so that children can continue their learning journey, even at home!
