

TI School ...

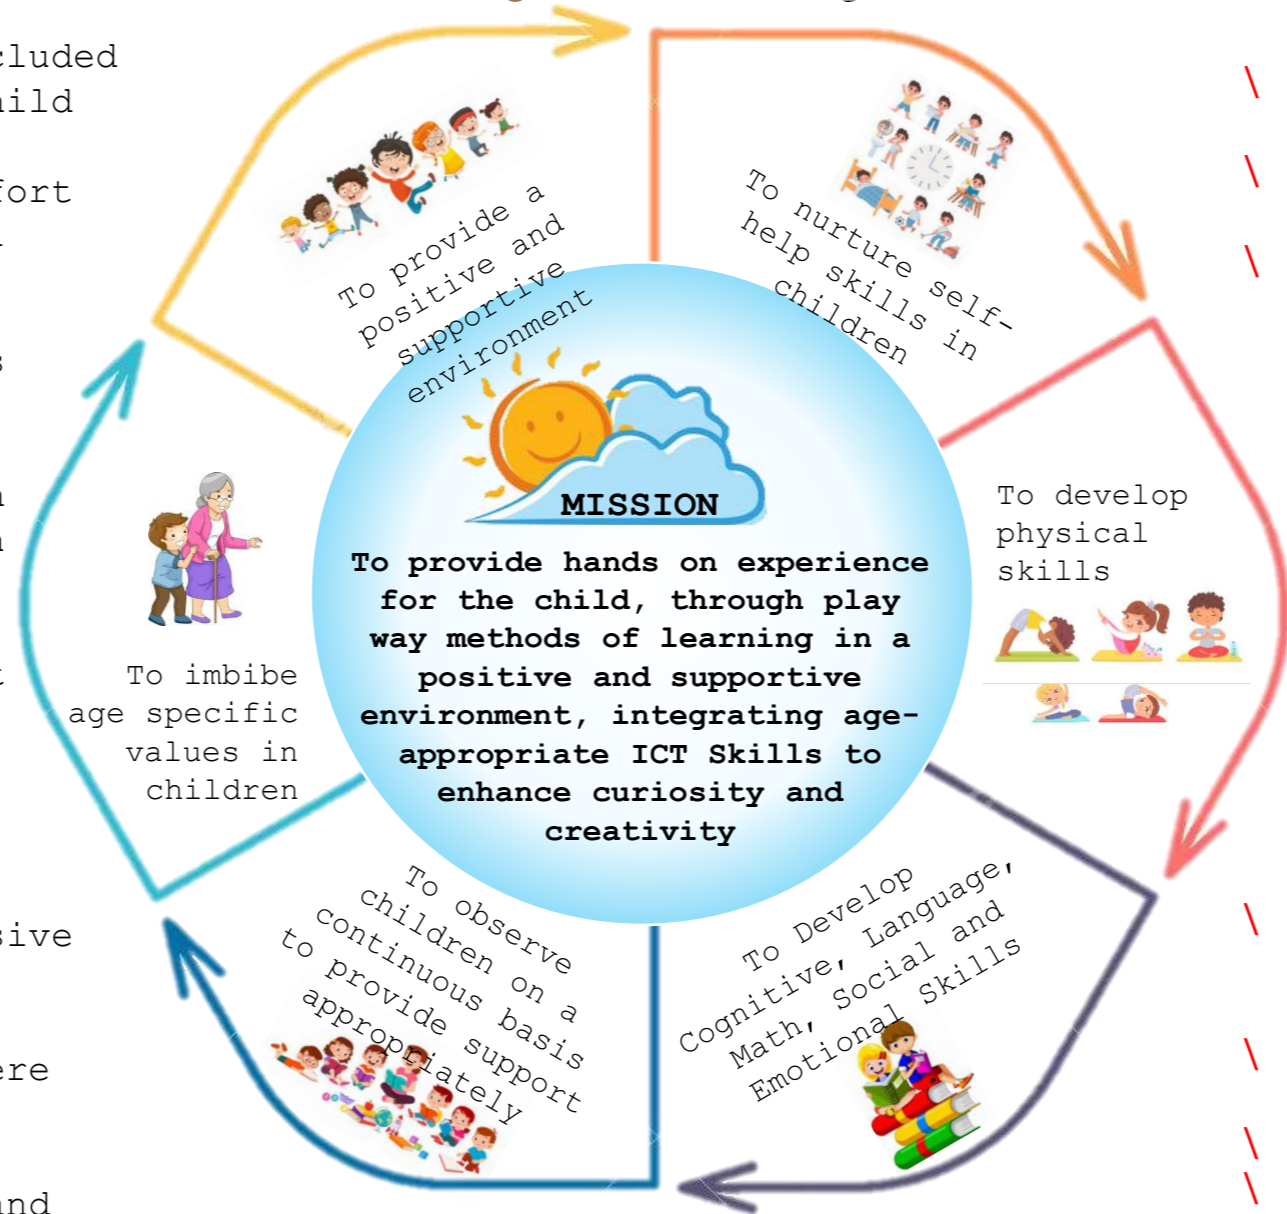

will be a place where students, teachers and parents work together in an atmosphere full of joy
will be a model school and a source of inspiration for others and will reach international standards

- \ Gentle introduction to school environment
- \ Encouraging each child to be included in activities and ensuring no child feels left out
- \ Using bilingual language to comfort the child and provide individual attention

- \ Being able to support themselves in small chores like wearing their footwear
- \ Cleanliness and good habits such as keeping the lunch table clean and napkin usage
- \ Values such as helping others and respecting elders are taught through stories and role plays in Class and in Teachers' Assembly

- \ Term wise and monthly comprehensive assessments done by teachers
- \ 1-to-1 parent teachers meeting (Parent Teacher interaction) where the child specific progress is discussed
- \ Child specific ideas to engage and support at home are also advised to parents
- \ Children are observed on a continuous basis for their learning

- \ Basic activities like packing their bags, choosing and taking care of materials
- \ Doing chores like filling water and wearing footwear on their own
- \ Importance of self hygiene through AV activity (healthy-me activity)
- \ Learning to have snacks / lunch independently

- \ Structured Play activities focused on overall development
- \ Physical activities such as Cycling, other Outdoor activities, Hopscotch etc
- \ Eurythmic movements while singing rhymes - combines physical activity while also learning

- \ Lesson plan that gently introduces language and math in a fun way (ice cream sticks, hopscotch)
- \ Working in groups on fun activities like clay and sand play
- \ Encouraging to share materials
- \ Encouraging children to speak up and express themselves in class and assembly
